LEVEL UP

Theme: Self-Leadership—Decision Making—Achieving Goals—Bully Prevention—Cyber Security

The digital revolution is connecting us like never before. Information is being transmitted at lightning speed and placing the impossible before your students eyes. For them to keep thriving in this new innovative era, they will need boundless courage, curiosity and a willingness to move forward with their lives. They will need to take a leadership role in their lives to move themselves forward and **Level UP**.

LEVEL UP will help your students:

- ◆ Realize the importance of the choices they are making each day.
- ◆ See how fear of change, fear of the unknown, or the fear of failure may freeze their ambitions.
- ◆ Understand how Social Media can cause them to lose focus on their goals and distract them.
- ◆ Recognize how bullying, drugs, alcohol and vaping can place limitations on their lives and the ability to move forward.

LEVEL UP will challenge your students to:

- ◆ Overcome the obstacles they are facing in life.
- ◆ Address the uncertainty and complex social changes. Students will be given tools they can use to overcome the challenges as they move ahead in life.
- ◆ They will be motivated to discern, to read between the lines and to make choices that will be beneficial to their lives.
- ◆ They will be encouraged to become a strong self-leader, to seek good information, to recognize the value of planning for their futures and strive to move up to the next level.

LEVEL UP : *It's embracing the possibilities of the future, imagining what can be and with resilience and determination working to move our lives forward with hope, confidence and a belief in a better tomorrow.*
